

# AIR QUALITY TESTING

## FEATURES:

**Easy to use** - Our sample test kit is the easiest and safest process in the industry. No specialized training required. **Easy as 1-2-3.**

**Sample Options** - Pressure from ambient to 5000psi. (inlet pressure).

**Standards** - NFPA, CGA, OSHA, Nitrox, ISO, Canadian and more. Plus oils and lubricants.

**DOT Compliant** - No need to worry about being DOT compliant. Our sample test kit meets or exceeds DOT 49 CFR (non-hazardous shipping)

**Sample** - Our sample test kits are guaranteed to hold your sample every time (if directions are followed correctly). The sample test kit automatically traps a sample without any special assistance. Takes only 3 minutes.

**Test Results** - Transmitted via, email, mail, text alerts, etc.

**Service kit** - Contains everything necessary for your quarterly NFPA Quarterly Air Analysis program in one convenient case. Includes all common adaptors and test kits.

**EASY AS 1-2-3**

Air Quality Analysis Report

## BENEFITS:

**Safety** - No need to worry about collecting an air sample. Our sample test kit was designed specifically with safety in mind. The operator can feel safe during the collecting process.

**Cost** - Lower shipping costs, smaller, lighter, etc. Programs contain all sample test kits sent at once, eliminating the need for unnecessary shipping charges.

**Medical Grade** - The sample test kit is constructed with Medical
