COMPRESSOR SYSTEM NO 7

Choose between 19.2 or 25.2 cfm charging Rate

6000 psi Pressure, 5 Stages
Choice of Four Different Designs
Built Under ISO 9001 Quality Systems
UL-Approved Electrical Systems
Medical Grade Purification System on All Models

MEETS ALL OSHA, NIOSH, CGA, AND NFPA GUIDELINES

• BAUER Automated Compressor
• SECURUS Electronic Cartridge Monitor
• Automatic timed drain system/reservoir
• Purification system delivers Grade E air
• Automatic pressure switch
• Interstage gauges
• Low-oil pressure shutdown switch
• High-temperature shutdown switch
• Power-on light
• Magnetic starter, heat risers
• Choice of charging rates
• Safety relief valves, all stages
• Stainless steel cooling tubes
• PLC based controller

DELIVERY TECHNICIAN SERVICES & NFPA COMPLIANT AIR ANALYSIS ARE INCLUDED!
FULL 1-YEAR ON-SITE WARRANTY
